## WHAT IS GIRLS ROCK CAMP?

Girls rock camp is about COMMUNITY, GIRL EMPOWERMENT, LEARNING NEW SKILLS in a SAFE and SUPPORTIVE environment and ROCK N' ROLL! Girls learn an instrument, form a band, write an original song, and perform a concert at a live music venue. Girls rock camp exists in different parts of the world and can look a little bit different depending on where you are. St. Pete's Rock Camp is just getting started this year and we are looking for community members to support this important project.

Girls rock camps around the world share a common desire to achieve a reality where gender and culture do not decide whether a person can play music. Until we reach that goal, girls rock camp is a way to provide a space for girls where they can identify as musicians. We use methods to encourage the campers' creativity, provide a variety of different musicians and mentors as role models, and a curriculum that is a broad introduction to the world of music.

Most camps begin as a summer camp, like in St. Pete. Some camps grow in scope to include year round after school and/or holiday programming, programming for interns, Ladies Rock Camp, hip hop/dj camps, overnight camps, and classes in DIY recording. We strive to develop and structure programming that is relevant to its community and culture.

GRC values diversity and strive to be as inclusive as possible. GRC usually has a very low tuition, sliding scale and/or provide financial aid, and value female mentorship and leadership.
